

PAYMENTS AND AUTOMATION

Innovation at your service.

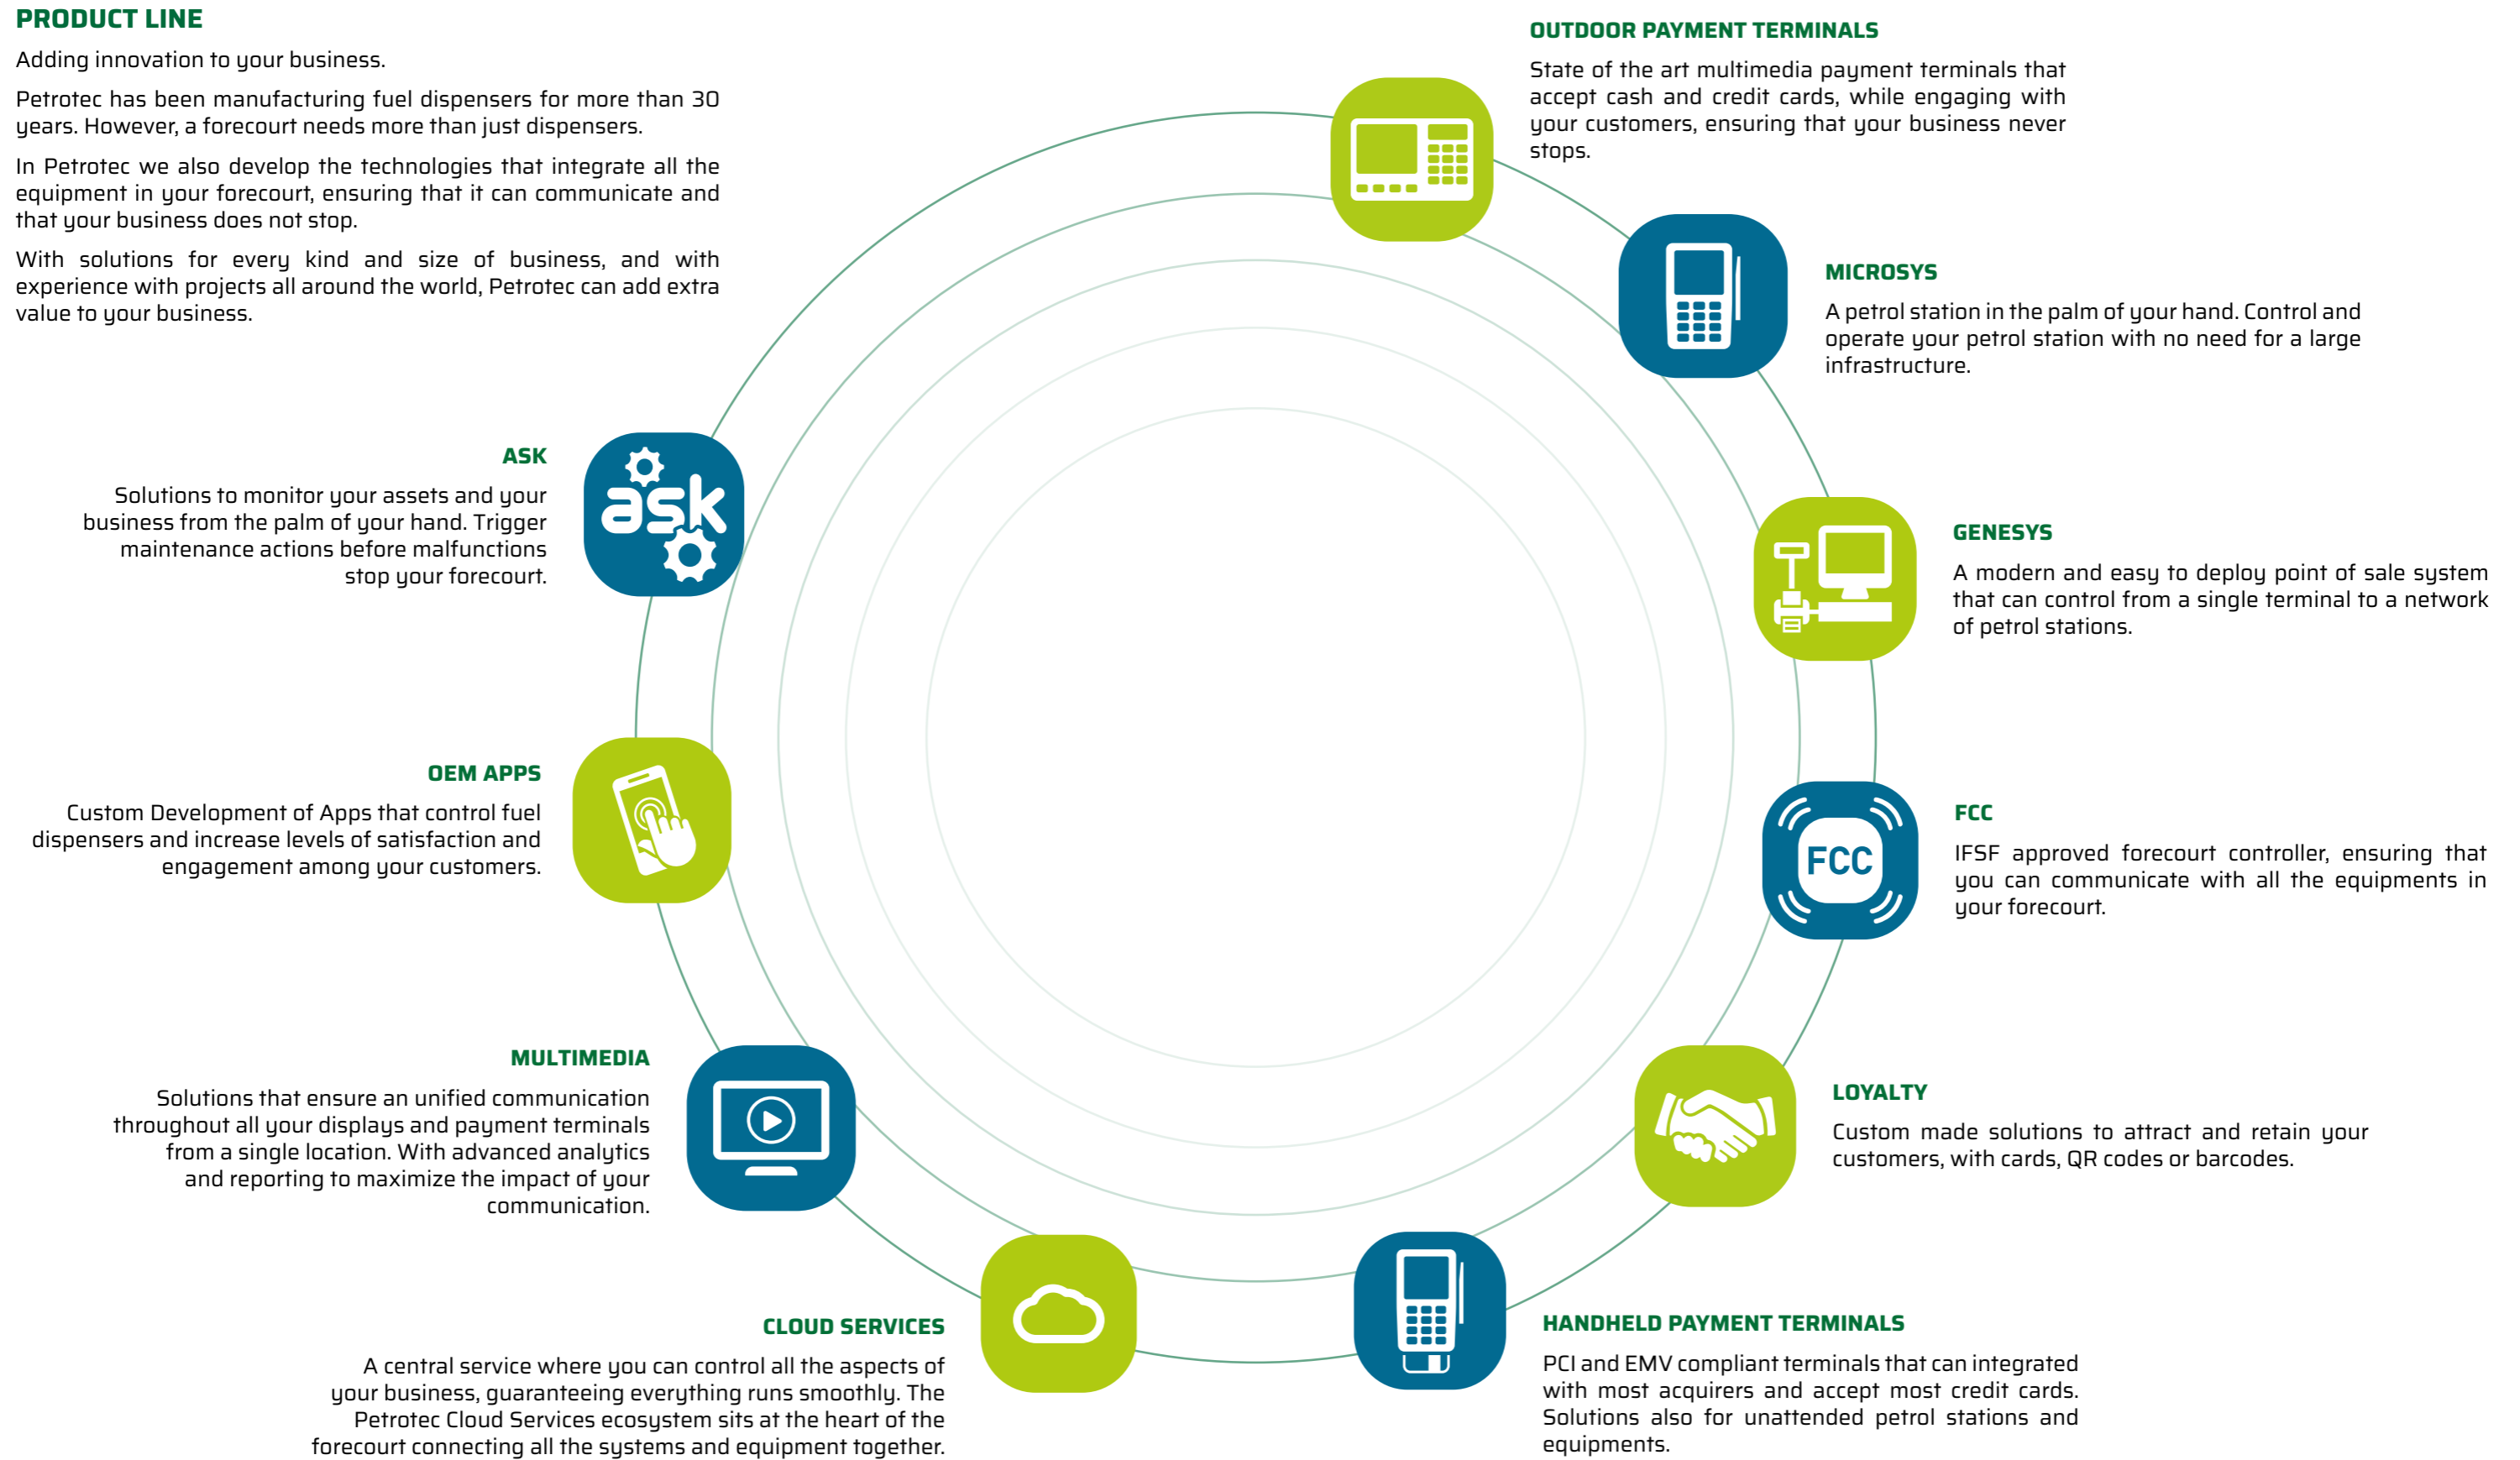

PRODUCT LINE

Adding innovation to your business.

Petrotec has been manufacturing fuel dispensers for more than 30 years. However, a forecourt needs more than just dispensers.

In Petrotec we also develop the technologies that integrate all the equipment in your forecourt, ensuring that it can communicate and that your business does not stop.

With solutions for every kind and size of business, and with experience with projects all around the world, Petrotec can add extra value to your business.

ASK

Solutions to monitor your assets and your business from the palm of your hand. Trigger maintenance actions before malfunctions stop your forecourt.

OEM APPS

Custom Development of Apps that control fuel dispensers and increase levels of satisfaction and engagement among your customers.

MULTIMEDIA

Solutions that ensure an unified communication throughout all your displays and payment terminals from a single location. With advanced analytics and reporting to maximize the impact of your communication.

CLOUD SERVICES

A central service where you can control all the aspects of your business, guaranteeing everything runs smoothly. The Petrotec Cloud Services ecosystem sits at the heart of the forecourt connecting all the systems and equipment together.

OUTDOOR PAYMENT TERMINALS

State of the art multimedia payment terminals that accept cash and credit cards, while engaging with your customers, ensuring that your business never stops.

MICROSYS

A petrol station in the palm of your hand. Control and operate your petrol station with no need for a large infrastructure.

GENESYS

A modern and easy to deploy point of sale system that can control from a single terminal to a network of petrol stations.

FCC

IFSF approved forecourt controller, ensuring that you can communicate with all the equipments in your forecourt.

LOYALTY
